Research and Planning Division—May 11, 2012

What is CIT, SGT and IGT?

- All three are generically called “Good time”
- CIT is Correctional Incentive Time and became effective May 19, 1980.
- Class IV 30 days no CIT
- Class III 3 months 20 days for 30 days
- Class II 6 months 40 days for 30 days
- Class I remainder of sentence is 75 days for 30 days.

What is CIT, SGT and IGT?

SGT is Statutory Good Time also sometime called "Old Law". An inmate came into the system and was given one half of their sentence off.

IGT is Incentive Good Time (Act 182 Reg Session, Al. Legislature, 1976) Certain exceptional inmates were granted additional good time above SGT where they could earn 2 days for each day served.

With IGT and SGT an inmate could EOS a 100 year sentence in 25 years.

What is Good Time?

Can earn up to 75 days of good time for every 30 days served.

Certain sentences are prohibited from earning good time

- Class A Crimes
- Split sentences
- Sentences over 15 years
- Sex crimes of children under 12 y/o and crime happened after 10/1/2005
- The minimum mandatory part of a sentence for drug traffickers

Exceptions to Good Time

Trafficking is eligible to earn CIT if it meets all of the other criteria

Sex offenses that occurred prior to 10/1/2005, if the victim was under the age of 17 and all other criteria was met was eligible to earn CIT at the reduced rate of 40 days for every 30 (class II CIT).

Exceptions to Good Time (Continued)

- ❑ Sex offenses from 10/1/2005 to present, if the victim is 12 years to under 17 y/o at the time of the offense are eligible to earn CIT at the reduced rate of 40 days for every 30 (class II)
- ❑ Certain Assault/Manslaughters if judicial ordered are bared from Class I and can only earn Class II, 40 days for 30.

Exceptions to Good Time (Continued)

There are 4 different restrictions, not to be confused with the suffix after an ALS #, that statutorily limit the amount of good time an inmate can earn.

S restriction .. Pursuant to Code of Alabama § 14-9-41 (5) an inmate is prohibited from earning Correctional Incentive Time “good time” if he or she has been convicted of a crime involving sexual abuse on a child under the age of 12 years.

Exceptions to Good Time (Continued)

Restriction . Refers to Drug Trafficking and the minimum mandatory time that must be served.. 3 years.. 5 years.. 10 years.. 15 years. We enter the restriction according to the drug weight or the fine levied as it corresponds to the amount of drugs and the mandatory time that must be served.

Concurrent

■ Pursuant to Code of Alabama § 14-3-38 an inmate is discharged at the expiration of the longest term of confinement on concurrent cases.

■ Concurrent means that the cases are running simultaneously. It does not mean that they end at the same time.

Consecutive

- ▣ This is to certify that pursuant to Code of Alabama § 14-3-38, an inmate sentenced to two or more convictions, unless it is specifically ordered in the judgment that such sentences be served concurrently, such sentences shall be cumulative and shall be served consecutively and will begin the second subsequent term on the expiration of the preceding term.

Time Comp and Parole Hearing

Central Records can not do official time computations without having the sentencing transcripts due to the large number of variables.

The Alabama Pardon and Parole Board are the only ones who can give you an accurate idea of what sort of parole set up an inmate will get.

Time Comp Best Practice

Time computation is best left to the
Central Records Division.

Restitution – Compensation and/or damages ordered by the judgment of the court

Concurrent – Sentences that are served in conjunction with each other

Consecutive – Sentences that are served independently of each other

Coterminous – The coterminous case will end on the release date of the case to which it was specifically coterminous

Court ordered vs Court Recommendation

Truthfully, there is not a court ordered program.

Once an inmate is sent to ADOC, it is our responsibility to assign the appropriate programs.

However, we do recognize the Judge's request and try to honor it whenever possible.

Escapes

☐ Sentence Stops

☐ Dead Time

- Does not count toward release date
- Period of time from escape to recapture or return to state (if inmate left state).

☐ Earning of “good time” stops

- Upon recapture, earning of good time reverts to lowest level

Parole

An inmate's time continues to run and earn good time while on parole.

Dead time occurs when an inmate is declared delinquent until he is recaptured. If the recapture is out-of-state, dead time will continue to accrue until the inmate is returned to Alabama if the inmate is arrested on a new charge. If the inmate is arrested on the ADOC warrant, time starts back upon arrest.

Is the C-80 necessary?

When the ADOC receives calls from various agencies where they have identified or picked up an inmate due to a violation, the inmate will still be in the system as an inmate. The inmate will not be removed from the system until they are released or transferred to another facility.

The C-80 is proof of release that the inmate has received Social Security benefits. Without it, the inmate will not receive Social Security benefits.

Best Practice

Inmates should never be released without the ADOC being notified and a C-80 being sent. Community Corrections Program/Jails should immediately notify the Central Records Division of any inmate transfers, escapes, releases, recaptures, etc...

SEX OFFENDERS

Adult Criminal Sex Offender: An adult person convicted of a sex offense regardless of date of conviction.

Registration Only Sex Offender: An offender required to register with the appropriate law enforcement agencies, but who is not subject to the community notification standards.
